

Inaugural Kickoff January 22, 2014

Innovative Solutions For Mission Critical Systems

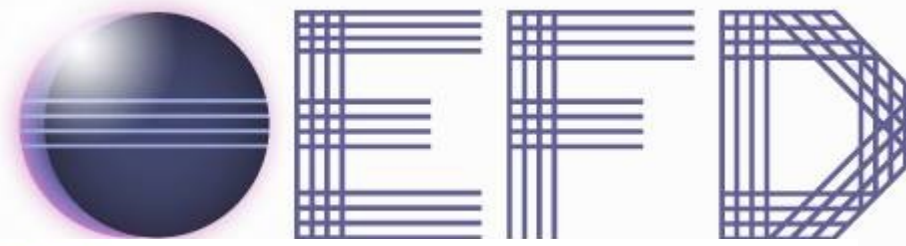

Purpose:

To provide a forum for discussion of Eclipse projects and our experience using or incorporating them in software development.

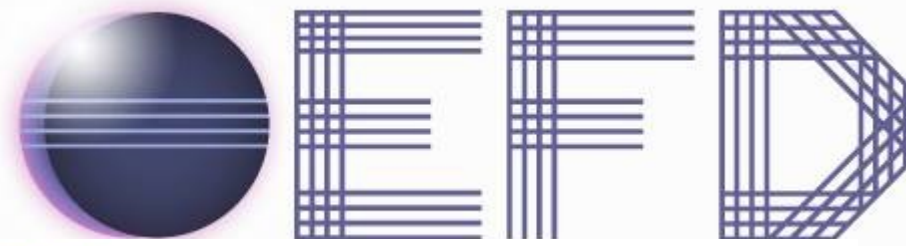

Thoughts:

1. Monthly meetings
2. Rotating meeting location
3. Food provided?!?

Guidelines

1. Presentations should be released under the Eclipse Public License (EPL)
2. Shameless plugs available for meeting host, food provider, and presenter

Questions?

1. What topics do you want to cover?
2. What times are good for meeting?
3. How do you want to communicate?
